

Mission:

To improve the well-being of people affected by familial ataxia, contribute to the search for promising treatments and bring together the community of interest in Canada.

**ATAXIE
ATAXIA
CANADA**

Income

Expected increase in income based on corporate donations and bequests.

Medical research

We continue to increase spending on medical research. The mission of our founder Claude St-Jean continues.

Member Service and Communication

A significant increase in services for ataxic members to improve quality of life.

Events and fundraising campaigns

Maintaining and optimizing existing fundraising campaigns and developing small events around volunteer action
